IT-Security

Exercise 1

In this exercise, we deal with the topic of IT security in general.

Task 1: Security Awareness Test

The company HvS Consulting AG provides tools to sensitize employees of companies for IT security.

Go to the following url
https://training.is-fox.de/fh-rosenheim-informatik

Log in with your FH email address (only users with the extensions stud.th-rosenheim.de, th-rosenheim.de will be allowed) and run the tests in the six categories in the bottom line.

Then we discuss the test together.
